

Shree Renuka Sugars Ltd.

KBK CHEM ENGINEERING PVT LTD

(A group company of Shree Renuka Sugars Ltd.)

Supreme products leaving quality stamp with K^{Super} Technology

- Innovative "K-Super" Technology ensures energy efficiency, results in lower cost of production, maintains clean & green environment, low water consumption with improved product quality
- Rectified Spirit plants, Extra Neutral Alcohol plants, Ethanol plants, Ethanol - chemical plants
- Waste water/Spent wash treatment systems, Evaporation plants, integrated Co-generation power plants, Slop fired boilers, Bio-composting
- Timely executed projects right from concept to commissioning

**Zero Liquid
Discharge Plants**

Turbine Generator

Boiler & ESP

CORN

GRAIN

CASSAVA

SUGAR CANE

SWEET SORGHUM

SUGAR BEET

Shree Renuka Sugars Ltd.

KBK CHEM ENGINEERING PVT LTD
(A Shree Renuka Sugar Ltd Group Company)

KBK provides quality turnkey EPC solutions for distillery, Ethanol & cogen plants

- ~ Innovative "K-Super" Technology ensures energy efficiency, results in lowest cost of production, maintains clean green environment, low water consumption with improved product quality.
- ~ Rectified Spirit plants, Ethanol plants, Extra Neutral Alcohol plants, ethanol chemical plants
- ~ Waste water /Spent wash treatment systems, Evaporation plants, integrated Cogeneration power plants, Biogas and slop fired boilers, Bio-composting
- ~ KBK plants are "Zero Liquid Discharge Plants" and timely executed projects right from civil works to commissioning service.

KBK INFRASTRUCTURE :

- ~ State of the Art Modern engineering office fit for 350 experienced engineers
- ~ Engineering soft wares for 2D & 3D plant modeling, Project scheduler & Process Design simulators, piping system engineering etc
- ~ ASME U Stamping workshop with fabrication capacity of 1000 Tons/Month
- ~ In-house EPC capability for 35 Distillery / Ethanol plants every year
- ~ Part of SRSI Group who owns 5 large modern sugar factories, Mega 150 MW Cogen plants, 3 Large Ethanol & Neutral Alcohol plants and 150,000 liters /day pilot plant.
- ~ Various after sales cum project office net work

FINANCIAL CAPABILITY :

- ~ KBK a Shree Renuka Sugars group company with Rs.1100 Cr group turnover (300 Million USD) & 1200 strong manpower base.
- ~ SRSI capital infusion dedicated to R & D development & company growth.
- ~ Availability of Working capital to the tune of 30% of sales invoice
- ~ Credit rating, working capital provided by multinational Banks.

TRACK RECORD :

- ~ Largest supplier in Asia for Turnkey Ethanol & Distillery plants with 50 % market share~ Builder of largest Ethanol / ENA & Ethyl acetate plants in Asia.
- ~ Executed 45 concept to commissioning turnkey projects in record 3 years.
- ~ Supplied turnkey plants in 15 different countries with hands on experience of local & International design and building codes.
- ~ Year on Year growth of 200 % with repeat orders from customers.
- ~ Hands on experience of all feed-stocks like cane, sugar beet, grain, corn, cassava, sweet sorghum, cane & beet molasses etc and Multi raw material/product plants.
